## MAYOR'S MESSAGE

The **Tour of Utah**, an annual multi-day road cycling race, will pass through Syracuse again this year. Stage 5 of the race will begin in Layton on the morning of **August 4<sup>th</sup>**, enter Syracuse from Gentile, then race down 3000 West into West Point. Soon after that the course will come back through in exactly reverse order and leave Syracuse on Gentile. This should give our residents a better and longer view of the bikers as they travel a very difficult course. [www.tourofutah.com/stages/5](http://www.tourofutah.com/stages/5)

We have just completed another **Miss Syracuse Pageant** and have new royalty. Mariah Pickard was crowned Miss Syracuse on June 18<sup>th</sup> with Karina Hipolito as her First Attendant and Dawn Kearney as her Second Attendant. In the same evening, Brynlie Green was crowned Miss Teen Syracuse with Shannon Johnson as her First Attendant and Analesa Sorensen as her Second Attendant. I look forward to working with them throughout the summer and into the fall events. It was a very exciting pageant and I want to recognize Shelly Thorne for putting a great pageant together. Thank you for your hard work, Shelly.

~Mayor Terry Palmer

## POLICE DEPARTMENT

Along with many of the businesses in our community, Syracuse Police Department is participating in the Play Unplugged program. We have already had several kids come to the Police Department for their BRAG BADGE. As a reminder, elementary school aged kids received a Play Unplugged lanyard at the end of the school year. All they need to do to receive their BRAG BADGE is shake the hand of an officer from Syracuse Police Department. We look forward to great interactions with the kids; however, please make sure when they see an officer out working that the situation is safe and under control before approaching the officer. Kids are also welcome to come to the Police Department anytime during business hours.

Please help get your Elementary school aged kids get out and about to see how many badges they can collect throughout Syracuse. As the kids involve themselves in the Play Unplugged program, it helps solve the 'I'm bored' epidemic that plagues almost every parent throughout the summer. If you are unfamiliar with Play Unplugged, or want to find other participating locations, go to [www.weplayunplugged.com/pages/what-is-play-unplugged](http://www.weplayunplugged.com/pages/what-is-play-unplugged)

or

to find out about this awesome program.

## FIRE DEPARTMENT

### Summer Grilling Safety

Now that summer is here you may be looking to fire up the grill at your next family gathering. While grilling is a popular way to cook food, it comes with an increased risk of home fires and injuries. According to the National Fire Protection Association (NFPA), an average of 8,000 home fires annually are caused by grilling, and close to half of all injuries involving grills are due to thermal burns. We want to do all we can to keep Syracuse out of those statistics!

July is the peak month for grill fires. Learn how to grill safely before you "throw one on" with these NFPA tips:

- Only use propane and charcoal grills outdoors. Open the grill top before lighting; keep the grill at least 3 feet from siding, deck rails and eaves, or vegetation.
- Keep young children and pets away from the grill area;
- Never leave a hot grill unattended;
- Clean your grill after each use. Remove grease or fat buildup from the grills and in trays below the grill; Place the coals/ash from your charcoal grill or wood smoker in a metal can with a lid **after** they have cooled.

Protect your family and home this summer! If you have questions about any fire safety related information or topic, please contact us at the Fire Department.

## PUBLIC WORKS

### Environmental Department

When working on a vehicle, common practice is to have oil absorbent, cat litter, rags, drip pans all nearby in case a spill happens, so you can contain, and clean the area of the spill. Then properly discard any waste, dirty rags, or spoils in a proper garbage container. Any used oil may be taken to an automotive store for recycling. When washing a vehicle, it is common practice to go to a car wash to wash your vehicle, or wash the vehicle in your yard so the debris will give your grass nitrogen from the soap suds then filter through the soil. No pollutant should go into the storm drain system.

### REMEMBER: ONLY RAIN DOWN THE STORM DRAIN.

It takes 1 quart of oil to contaminate 2 million gallons of water, easier to look at 1 drop of oil can pollute 2 liters of water.
